

*Albertine' elevation (the little rock on a box) and Julien's (the rocket)*

## **7th Heaven**

**7th Heaven is a tangible, esthetic and playful installation. Personalized movable objects move up and down a string according to each person's physical altitude in real time.**

**The 7th Heaven installation is a living social sculpture that plays out before our eyes.**

**It is intended to be participative.**

**You are connected to Albertine in real time. Right now...**

altitude 98 m

**2014 - Albertine Meunier & Julien Levesque**

**Materials**

Localisation, Arduino Ethernet, Step Motcr, Rock, Rocket

**Programming**

Aurélien Fache

Tristan Savina

**Fabrication**

Albertine Meunier & Julien Levesque

**Exhibitions**

2014 Happy Trucs - La Tapisserie - Paris, France
